<b>Case number:</b>	<b>Vj – 26/2004</b>
<b>Short title</b> (party, conduct, type of case):	Mávépcell/Swietelsky Bauges.m.b.H/Swietelsky Kft - exclusive lease - restrictive agreement
<b>Type of case:</b>	Restrictive agreement (Vertical)
<b>Description:</b>	Mávépcell, a company building railways signed an exclusive purchase agreement with Swietelsky Bauges, a company offering machinery used for railway-building, that it will lease the special equipment only from that supplier. The Competition Council found that the agreement lasted only for 4 months and concerned practically one deal (Mávépcell and Swietelsky Bauges soon established a jointly owned company for leasing machinery), so it had minimal effect on competition. Termination of the proceeding.
