## **The GVH investigating Blikk / Bors concentration**

**The Hungarian Competition Authority (GVH) launched a proceeding upon application of Ringier and Ringier AG for authorising their acquisition of control over Híd Rádió.**

The applicants, by the acquisition of control over Híd Rádió, are aiming to buy the newspaper Bors; that is why they turned to the GVH for authorisation.

Pursuant to the decision of the Competition Council, the GVH will assess the application in a full proceeding. The deadline for authorisation is 120 days, which can be extended by further 60 days if justified. The deadline for the proceeding is counted from 16 January 2009.
