Case number:	VJ-1/2008
Type of case:	Restrictive agreement
Undertaking(s) concerned:	Hungarian Real Estate Association
Short description:	The GVH had been informed that MAISZ set out real estate agent fee recommendations for its members on its homepage.
Decision:	The GVH did not fine the association, since in the course of the proceeding the GVH took into consideration that legal norms still allow several chambers to publish recommended prices. It was a mitigating factor in the course of the proceeding that MAISZ did not carry out disciplinary actions against those undertakings that had deviated from the recommendations.
